

Boat of Garten Community Hall Policies and Procedures

Environmental and Sustainability Policy

Boat of Garten Community Hall strives to prevent pollution and minimise its environmental impact through operating, maintaining and managing the hall to the highest environmental standards. The Company is committed to environmental improvement and has set the following objectives to achieve these aims:

1. We will encourage all our user groups to:
 - a. Re-use, segregate and recycle waste materials;
 - b. Consider energy conservation by switching off lights and equipment when not in use.
 - c. Use locally sourced or recycled materials for projects wherever possible;
 - d. Care for the garden, car park and areas surrounding the hall;
2. Promote the care and improvement of the local environment through landscaping and biodiversity projects;
3. Provide education and awareness of environmental matters pertaining to the use and enjoyment of the hall for the whole community;
4. Monitor the use of energy, water and other resources;
5. Monitor our Environmental Action Plan

The Company will seek the advice of environmental organisations and appropriate individuals to enable us to meet these objectives. This will be documented in the Environmental Action Plan.
